Unit 7 Assignment: Final Paper

Due Date: 11:59 p.m. Sunday of Unit 7

Points:100

Overview: Your group will select an organization familiar to you, and the group will create a Strategy Plan that will present your proposed future direction for the selected organization.

Instructions:

- Integrating concepts and theories from the text, analyze the company's external and industry environment, internal resources and intellectual assets
- Integrating concepts and theories form the text, analyze the company's business-level and corporate-level strategies
- Discuss leadership, innovation and entrepreneurship practices
- Develop strategic goals and SMART objectives. Provide an overview of the timetable and the required resources
- Construct a document in APA 7th edition format effectively demonstrating mastery of written communication with a targeted audience. Your paper should be between 12 to15 pages in length not including references, table of contents, and the cover page. Remember to use at least two outside professional sources.

Important:

- Please ensure you 'apply' applicable textbook concepts such as a SWOT analysis, a PESTLE analysis, Porter's Five Forces, Value Chain Analysis to name a few.
- Also discuss Leadership, Innovation, and Entrepreneurship.
- Ensure that paper has the required sections clearly identified.

Document Sections:

- Identify problems: The problems can be succinctly stated in a 2-3 sentence (short) paragraph for each.
- Conduct strategic analyses: Identify the strategic issues.
  Using applicable textbook concepts and two outside professional sources to analyze underlying issues. Integrating concepts and theories from the text, analyze the company's general and industry environment, internal resources, and intellectual assets.

Integrating concepts and theories form the text; analyze the company's business-level and corporate-level strategies.
Please ensure you 'apply' applicable textbook concepts such as a SWOT analysis, a PESTLE analysis, Porter's Five Forces, Value Chain Analysis to name a few.
Please also discuss leadership, innovation and entrepreneurship.

- Goals and Objectives: What do you think needs to be done to address each issue? I want you to determine what you would do to solve/address the issues. Examples might be related to more training of staff, more investment in equipment, greater use of specific types of technology, etc.
  Develop 3 goals and 2 to 3 SMART objectives for each goal.
- Make 3 to 5 recommendations: These actions that you propose are what the organization should do to implement the goals and objectives and the steps that the organization needs to take.
- Please make sure that you include a Table of Contents in your paper.

Requirements:

Your paper must be 12-15 pages and must be written in “third person” language. Follow the sections above and use section headings for readability. You are free to add sections if you view it as appropriate. You must follow APA Guidelines and use professional writing.

Be sure to read the criteria by which your work will be evaluated before you write and again after you write.
